

SEEING IS BELIEVING

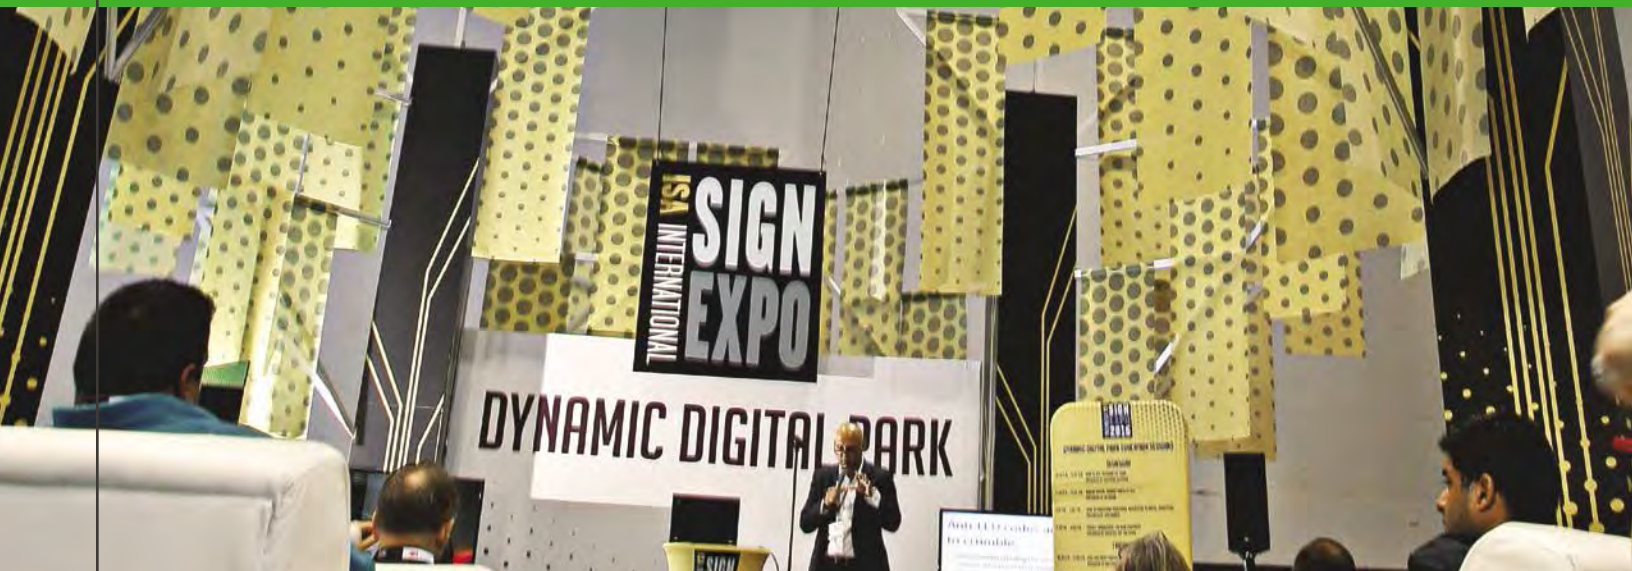

Quality graphics contribute significantly to the impact of your exhibit. With state-of-the-art design and printing capabilities, Freeman brings your banners, signage, and exhibit graphics to life in a larger-than-life way. Our graphics products redefine “high definition,” which means your brand has never been seen like this before.

LE VOIR C’EST LE CROIRE

Des graphiques de qualité contribuent grandement à l’impact de votre stand. Avec des capacités de pointe dans les domaines du design et de l’impression, Freeman insuffle un dynamisme unique et impressionnant à vos bannières, panneaux, et graphiques liés à votre stand. Nos produits graphiques redéfinissent “haute définition”, ce qui signifie que votre produit aura un aspect que vous ne lui connaissiez pas.

- Photo-quality / high-resolution printing on a variety of rigid and rolled material including PVC, acrylic, fabric, vinyl and materials
- Grand Format printers provide high-resolution digital printing of single and double-sided banners in virtually any size
- Electronic file transfer, in-house printing, and company-wide procedure standardization allow us to control quality, cost and scheduling on a nationwide basis
- Freeman’s extensive resources ensure that last minute repairs and replacements are handled efficiently as needed, no matter where your event may be located

- Impression haute résolution/de qualité photographique sur toute une gamme de matériel aux rigides ou enroulés, y compris en Polyfoam, PVC, acrylique, tissu et vinyle
- Les imprimantes grand format fournissent des impressions numériques haute résolution de bannières simples ou double face dans pratiquement toutes les tailles
- Le transfert électronique de fichier, l’impression à l’interne et la normalisation des procédures à l’échelle de l’entreprise nous permettent de maîtriser la qualité, les coûts et la programmation à l’échelle du pays
- Les ressources croissantes de Freeman assurent que les réparations et remplacements de dernière minute sont effectués de façon efficace selon les besoins, quel que soit l’endroit où se déroule l’événement

CREATING VISUAL EXCITEMENT

Quality graphics contribute significantly to the impact of your exhibit. Vivid colours and sharp images attract attention, build traffic, and communicate messages more effectively. Freeman has invested in the latest printing technology and has the skills to provide you with the finest high-resolution digital graphic reproduction available.

STATE-OF-THE-ART CAPABILITIES

Freeman can provide four-colour, photo-quality, high-resolution digital printing in virtually any size for banners, signage, exhibit graphics, and more. Each Freeman location has stand-alone printing capabilities, along with two additional graphic locations for additional support and for special requirements.

SUPERIOR QUALITY CONTROL

Electronic file transfer, in-house printing, and company-wide standardization of procedures allow us to control quality, cost and scheduling for our customers on a show to show basis. Last minute repairs and replacements are handled efficiently through our resources.

DEPTH OF RESOURCES

- 5M UV roll printers provide grand format, four-colour, high-resolution digital printing of single and double-sided banners up to 10' wide and virtually any size with seams.
- 3M Dye Sublimation printers provide 10' fabric graphics that work perfectly in our SmartWall panel system.
- UV flatbeds print directly to a variety of ridged materials and offer a 100% recyclable graphic when using a cardboard substrate.
- Large format Eco-Solvent printers produce high quality graphics for wall, carpet and window applications.
- 3M high speed digital cutters allow for precise cutting of multiple panel applications and also custom router graphic panels.
- Computer-aided graphic design & layout available for your assistance.

REPRODUCTION AND INSTALLATION

- Suspended banners
- Accent graphic photo panels
- Large format signage and banners
- Logo reproduction
- Backlit displays and murals
- Four-colour carpet image printing

CRÉER UN ÉVEIL VISUEL

Des graphiques de qualité contribuent grandement à l'impact de votre exposition. Des couleurs vives et des images nettes attirent l'attention, créent de la circulation, et communiquent les messages de façon plus efficace. Freeman a investi dans la dernière technologie d'impression et a les compétences nécessaires pour vous offrir une reproduction graphique numérique haute définition de très grande qualité.

CAPACITÉS DE POINTE

Freeman peut offrir des impressions numériques haute résolution de qualité photographique en quatre couleurs, pour pratiquement toutes les tailles de bannières, panneaux, graphiques sur le stand, et bien plus encore. Chaque site Freeman a des capacités d'impression autonomes, ainsi que deux sites additionnel qui fournissent du soutien supplémentaire et remplissent les conditions spéciales.

CONTRÔLE SUPÉRIEUR DE LA QUALITÉ

Le transfert électronique de fichier, les impressions à l'interne et la normalisation des procédures à l'échelle de l'entreprise nous permettent de maîtriser la qualité, les coûts et la programmation pour vos clients sur une base d'événement à événement. Les réparations et remplacements de dernière minute sont effectués de façon efficace par l'entremise de nos ressources à l'échelle du pays.

ÉTENDUE DES RESSOURCES

- Les imprimantes à rouleaux 5M UV fournissent des impressions numériques haute résolution en quatre couleurs, grand format de bannières simple ou double face mesurant jusqu'à 10 pieds de large dans pratiquement toutes les tailles, avec coutures.
- Les imprimantes 3M Dye Sublimation fournissent des graphiques en tissu de 10 pieds qui s'adaptent parfaitement dans notre système à panneaux SmartWall.
- Les imprimantes UV à plat impriment directement sur toute une gamme de matériaux striés et offrent des graphiques recyclables à 100 % lorsqu'elles utilisent un substrat carton.
- Les imprimantes à solvants écologiques à grand format produisent des graphiques de haute qualité pour des applications sur les murs, tapis et fenêtres.
- Les massicots numériques à grande vitesse 3M permettent la coupe précise d'applications à panneaux multiples et également de créer des panneaux graphiques personnalisés, découpés à la forme.
- Des services de design et de mise en page graphiques assistés par ordinateur sont disponibles au besoin.

REPRODUCTION ET INSTALLATION

- Bannières suspendues
- Reproduction de logos
- Panneaux photo graphiques décoratifs
- Affichages et fresques rétroéclairés
- Panneaux et bannières grand format
- Impression d'image pour tapis en quatre couleurs

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our desire is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer. Two overall considerations for submitting acceptable artwork involves proper resolution or size of the file to avoid poor quality images, and proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

Minimum requirements for original artwork, such as logos, when Freeman is providing design and layout:

- 300 dpi resolution at a size of 8 x 10 inches (higher resolution files will result in improved final product)

Minimum requirements for final artwork that Freeman will reproduce exactly as provided:

- 100 dpi resolution at full size of actual finished product

Minimum requirements for both:

- All related PMS and/or CMYK color codes (if submitting CMYK values, please supply accurate color swatches)
- Accurate color proof print of artwork
- Contact name, phone number and e-mail address of art creator if applicable
- If submitting a “vector” files, include all fonts, or convert fonts to outlines or paths

ACCEPTABLE FILE SOFTWARE FORMATS

We are capable of working with both PC and MAC based software, and can accept art created with the following software programs (listed in order of preference):

- ADOBE—Illustrator, InDesign, and Photoshop
- COREL DRAW

Files should always be saved in their native format.

ACCEPTABLE FILE TYPES

Files that Freeman **can use** in order of preference, include:

- EPS and AI (especially when submitting logos)
- TIF (especially when submitting photos)
- JPG (provided resolution is high enough for photo images; not recommended for logos)

File types that Freeman **cannot use** to reproduce high quality graphics include:

- GIF files
- Microsoft Office software files such as Word (.doc), or PowerPoint (.ppt) file type
- Self-extracting files, such as EXE or SEA files

WAYS TO SEND ARTWORK

- Artwork files that are of acceptable resolution as listed above will typically be too large to send via e-mail. Files should be sent via overnight delivery on either a CD-ROM or a DVD. A printed hard proof needs to accompany the files.
- Files may also be posted to Freeman’s FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup must be sent via overnight delivery in addition to posting the electronic files.
